Limitation of Liability: Sweetwater Fishing Expeditions LLC, George Hunker, Jim Ferguson, and Hank Hunker are licensed outdoor professionals, and will do their utmost to provide you with a thoroughly safe and enjoyable outdoor experience. We want you to realize that everything in life has some inherent danger. The mountains, streams, and lakes on and in which we operate are no exception. There can be powerful and unexpected storms, loose rock, falling trees, biting mosquitoes, just to mention a few.

Understanding the above, I wish to participate in a trip. I understand that risks, dangers and hardships can never be completely eliminated. I realize I may be a long way from medical attention. I expect you to take care of me like I was one of your own children. I have read and understand the above.
