Major Marilyn Burden, USAF
Email: mkburden13@gmail.com

Dear Major Burden

This is in response to your 21 Dec 18 complaint filed with the Inspector General Hotline concerning various allegations against the former CoS, WY NG, ATAG-Air, WY NG, and JFHQs CoS, WY NG. Since your allegations involved Air Force Senior Officials, they were referred to the Senior Official Inquiries Directorate (SAF/IGS) within the Air Force Inspector General's Office.

Our first step was to conduct an initial inquiry into your allegations. In addition to a thorough review of your complaint and our discussion with you, we spoke to others with knowledge of the facts and circumstances and examined prior SAF/IGS investigations pertaining to the WY ANG. Information we developed during our inquiry showed some of your allegations to be untimely, some to have been previously investigated, and some to illustrate actions within the discretion of senior leadership. Accordingly, there is insufficient evidence to indicate wrongdoing and an inadequate basis to warrant further investigation. We are therefore dismissing your complaint.

I realize this is not the resolution you were hoping for. Should you have any questions, please contact me at DSN 223-5032 or commercial 703-693-5032.

Sincerely

JEFF H. HURLBERT, Brig Gen, USAF
Director, Senior Official Inquiries
